Dear Ladies and Gentlemen:

The City of Chignik is providing comments regarding the draft 2006-2008 STIP. The proposed reconstruction/resurface of the Chignik Access Road is a high priority in Chignik. At the present time, the road is very dangerous, and poses a threat of serious and significant harm to our residents. This is because the road alignment takes it immediately adjacent to a rock cliff. Ice falls from the cliffs on a regular basis, and huge rocks are also rolling onto the road.

The reconstruction/resurface project has been in a hold over the past year, while the Alaska Native Tribal Health Consortium ("ANTHC") completes work on water and sewer in the area. However, in a meeting jointly attended by ANTHC, representatives of the State Department of Transportation and Public Facilities, representative from the Chignik Tribal Council and the entire board of the Chignik based village corporation, Far West Incorporation, ANTHC stated that it would reasonable to believe that their work in the right-of-way could be completed timely by April, allowing the road work to go forward.

The City of Chignik accordingly requests that the road improvement work be fast track and moved up to 2006 from the 2007 funding in order to make certain that this road be constructed and resurfaced, and we can prevent unnecessary tragedies.

Very truly yours,

Jon Pedersen, Mayor

cc: Margie Macauly-Waite, President, FWI
Lake and Peninsula Borough
Chignik Tribal Council
Representative Carl Moses
Senator Lyman Huffman
