

Alaska Ferry Reservation System RFP to be Released

Reservation and Schedule Development and Passenger Self-Service System (RSD/PSSS) Acquisition and Implementation. The State of Alaska (SOA), Department of Transportation and Public Facilities (DOT&PF), Alaska Marine Highway System (AMHS) is looking for: 1) a single centrally managed and supported Passenger, Berth and Vehicle Reservations solution, with 2) vessel sailing schedule development and optimization functionality, and 3) passenger self-service capabilities that will replace their existing custom developed reservation (RMS3), FoxPro schedule builder and eCommerce web reservation (OARS) passenger self-service system. This system can be either a Hosted (SaaS) or a Non-Hosted System. Because this new system will support a variety of operating departments, the core system must be customizable to meet the needs of each functional work group.

Interested parties who want to receive notification of the posting of the actual RFP #2512S004 should contact John Wynne, Procurement Officer, 907-465-8446 or john.wynne@alaska.gov.
