

## Kokhanok Airport Resurfacing and Fencing

State Project No.  
SFAPT00361

**RESCHEDULED**

# *YOU ARE INVITED* PRELIMINARY DESIGN MEETING

Please join us on Thursday, January 25, from 1:00-3:00 PM for a virtual open house meeting to learn about the project's preliminary design and rock source investigation and for an opportunity to provide your feedback.

The virtual meeting will be hosted at the Kokhanok Village Council (KVC) office. You are also welcome to participate online via Zoom by going to the project website.

### PROJECT OVERVIEW

Resurface runway, turnarounds, taxiway, and apron

Regrade safety areas, ditches, and foreslopes

Replace aircraft tie-downs

Extend fencing

Replace edge lighting and navigational aids

Investigate rock source

Clear and grub vegetation
