**Subject:** Transit Match Funds

Hi Stephanie,

A few comments/questions on the match funds. Were the match funds based on the DOT Funding and not the project cost? Our match for the Mobility Management grant is \$5454 not \$4363.20 (which appears to be 20% of the DOT 80% match) as the table indicates. This would allocate less funding from the State Match Program. We were also wondering why the 25% to Anchorage and not an equal percentage to all? If we have the total match amount already secured can we then put the match amount given to us by the State Match Program for that grant to another grant match requirement?

Thanks for accepting our comments and we look forward to seeing the final results.

Denyse
